Perforated Square Steel Sign Posts and Anchors

Your solution for complete sign support

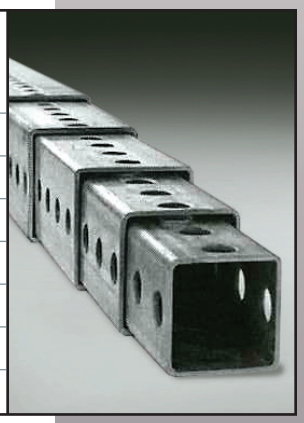
Zumar Industries is one of the largest distributors of FHWA approved perforated square steel sign posts and anchors in the Western United States. With stocking locations in Arizona, Northern and Southern California, and Washington, we can easily accommodate quantities large and small in a timely manner. In addition, our sales team is up-to-date on state and local specifications to ensure you receive the product you need. Our posts and anchors are certified domestic steel.

Post features SQR-LOC EZ-Out™ which allows for holes to be punched out quickly and easily where needed.

SPECIFICATIONS

- **Material.** Steel posts conform to ASTM A653, grade 50 standard specification for steel sheet, zinc-coated (galvanized) or zinc-iron alloy-coated (galvannealed) by the hot-dip process.
- **Finish.** The galvanized portion of the post conforms to ASTM A653, G90, structural quality, grade 50. The corner weld is zinc coated after scarfing. The galvanized post has a minimum of 0.5 millimeters of clear acrylic polymer coating applied as a rust preventative.
- **Holes.** All four sides feature holes 7/16” in diameter, (±1/64”) on one-inch centers through the entire length of the post. Holes are on the centerline of each side, in alignment with and opposite of each other directly and diagonally.
- **Telescoping properties.** Finished posts are straight and have a smooth, uniform finish. All consecutive sizes of square tubes telescope freely and for not less than ten feet of their length without the need to match any particular face to any other face. All holes and ends are free from burrs.

NOMINAL OUTSIDE DIMENSION	AVAILABLE GAUGES				REFERENCE No.
	7 (.180")	10 (.134")	12 (.109")	14 (.083")	
1-3/4" × 1-3/4"			X	X	ZPT175
2" × 2"			X	X	ZPT200
2" × 2" EZ-Out™				X	ZPTEZ200
2-1/4" × 2-1/4"			X	X	ZPT225
2-1/2" × 2-1/2"		X	X		ZPT250
2-1/2" non-perforated	X				ZPTS200
3" non-perforated	X				ZPTS300



Anchors

Heavy-duty anchor.

Two-piece anchor.

Surface mount base anchor.

Slip base system. Available in 8" and 10" triangular slip bases.
